Dear Sir:

On December 27, 1999, the United States Patent and Trademark Office (USPTO) issued a filing receipt for the above-referenced application. However, the aforementioned filing receipt was incorrect in that the title had been misspelled.

On January 3, 2000, applicant's attorneys filed a Request for Corrected Filing Receipt requesting that the spelling of the title be corrected.

I hereby certify that this correspondence, along with any paper referred to as being attached or enclosed, is being facsimile transmitted to the U.S. Patent and Trademark Office on the date indicated below.

On February 8, 2000, a corrected filing receipt was issued wherein the title of the invention remained misspelled.

On February 16, 2000, a Second Request for Corrected Filing Receipt was filed requesting that the spelling of the title be corrected.

On March 13, 2000, the USPTO issued a subsequent corrected filing receipt (copy enclosed) which corrected the misspelling of the title of the invention. However, the following continuing data information is now incorrect on the March 13, 2000 corrected filing receipt:

This Application Is A Pro of 60/107,833 11/10/1998

The continuing data information in the filing receipt for U.S. Application No. 09/437,912 should read:

Provisional Application No. 60/107,833 11/10/1998

Upon a telephone call placed to the Customer Corrections Branch at the USPTO, we were informed that if a marked copy of the March 13, 2000 filing receipt was faxed to the Customer Corrections Branch, a corrected filing receipt would be issued reflecting the correct continuing data information. Therefore, in view of the aforementioned, we are enclosing a marked version of the March 13, 2000 filing receipt.

If you have any questions concerning this matter, please contact us at 215-568-8383. In the meantime, we look forward to receiving a corrected filing receipt.

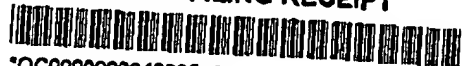

Sincerely,

SEIDEL, GONDA, LAVORGNA &
